Boys Volleyball
Jr. Girls Volleyball
Sr. Girls Volleyball
Cross Country

There is still room for students that would like to join the crew of this year's musical! Join the meeting Wednesday, September 10th at lunch if you would like to join!

Some of the highlights of last week:

We were excited to welcome all of the students back to school last week. We had welcome back grade assemblies with all students and distributed lockers to the grade 9 students. If any students have not yet received their locker or have forgotten their combination from last year, please see the main office.

Mrs. Sawka's classes took part in land-based learning at Oliver Lake. Sm'algalx language teacher Tina Robinson led learning in harvesting K'wilamaxs, Dza'wes, and Maay. Students also learned about harvesting times and protocols, as well as model shelter building.

Mr. Barak's Woodwork 10-12 harvested saplings to use for projects later in the school year.

Primary Care Nurse Visits

The Primary Care Nurses are coming back to CHSS. There will be a short visit on Sept. 16th (morning only). They will come every 2nd Tuesday morning starting Sept 23rd.

Students can sign up for an appointment with Ms. Kennedy in the counselling office.

Services are confidential and will include; Sexual Health Services (STI Testing, Treatment and Education, Birth Control, Morning after Pill, Pregnancy Testing and All Options Counselling). They can also provide Harm Reduction Services and General Health Education, Referrals, and Counselling.

And over the summer...

CHSS Students Vander Doolan and Nathaniel Nelson worked for Metlakatla Fisheries this summer, assisting in fileting halibut that was donated to the Food Sovereignty program at CHSS.

Parking lots

Just a reminder that the parking lot at the front entrance of the school is for staff, the Inclusive Education bus, and access for students with mobility issues, please do not drive into the main lot. Also, last year we had issues with families blocking the exit from the band room to Prince Rupert Blvd. Both of these situations have caused congestion, accidents, and unsafe conditions for both students and staff. We understand that it can be tough to find an appropriate space for pick up and drop off, we recommend using the lower parking lot by the track or on Prince Rupert Blvd.
